Subject: Letter of Support for Valdez Development

To Whom It May Concern,

I am writing to acknowledge and support the efforts of Valdez Development related to Old Spanish Trail Tours, as well as their volunteer cleanup activities along Agua Mansa Road and the adjacent cemetery areas.

Their work reflects an interest in revitalization initiatives that contribute to community pride and help preserve elements of our region's shared history. We recognize the importance of fostering community engagement and promoting understanding through educational and interpretive activities that connect people to local history and its broader context.

Through trail restoration and cleanup efforts, Valdez Development has helped improve areas that have experienced neglect, with attention to safety, accessibility, and general quality of life. These activities also contribute to the care of historic corridors, monuments, and commemorative spaces that are meaningful to the community.

I appreciate the time and effort contributed by volunteers and partners involved in this work and acknowledge the positive role these efforts play in supporting local stewardship and preservation.

If you have any questions or require additional information, please contact my office at (909) 385-4565 or via email at Supervisor.Baca@bos.sbcounty.gov

Respectfully,
